Automation Test Evidence

Execution Summary

Framework: Java, JUnit 5, Selenium WebDriver, Maven

Test Execution: Performed on Google Chrome using ChromeDriver

Execution Date: 29.06.2026

Results: Total Tests 94 – Passed 94 – Errors 0 – Skipped 0

Note: During execution, Selenium displayed a Chrome DevTools Protocol (CDP) version warning (Unable to find an exact match for CDP version 149). This warning does not affect the execution or the outcome of the automated tests.
